

CEREBRIU®

Every disease revealed in time

MRI deficit threatens global health and growth.

7B

People without MRI access.

5M

Missing Radiologists and MR Techs.

400K

Missing MR scanners.

Autonomous MRI

Our solution expands MRI accessibility through advanced AI integrating clinical expertise.

*“ If I would have asked people what they wanted, they would have said faster horses.
- Henry Ford*

C CEREBRIU
APOLLO

- ✓ **Accurate**
- ✓ **Efficient**
- ✓ **Superior care**

“ ... compares to an experienced neuroradiologist. - European Journal of Radiology

**Sales through multiple channels
and partnering with the OEM #1**

SIEMENS

”

I believe in AI-driven brain MRI. Cerebriu's unique solutions ensure a 'first time right' image acquisition, minimizing interruptions to radiologists, repetition of scanning and patient recalls.

*Lawrence Tanenbaum, MD FACP
VP and CTO of RadNet*

Validated by healthcare leaders

Experienced international health equity team

Management

Robert Lauritzen
Chief Executive Officer

Co-founder with 25+ years HealthTech leadership experience, across MedTech entrepreneurship and pharma.

Martin Lillholm, PhD
Chief Operating Officer

Co-founder and professor in Machine Learning and former COO of Department of Computer Science at the University of Copenhagen.

Akshay Pai, PhD
Chief Technology Officer

Co-founder with 12+ years of machine learning experience within MRI, PhD in quantifying Alzheimer biomarkers.

Vacant

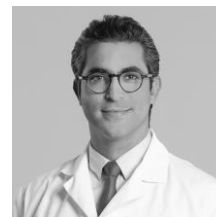

Candidate with strong commercial management experience across digital health and MedTech.

Kristine Wernerfelt
Chief Financial Officer

+15 years' experience working with the strategic agenda across industries in mgt. consulting, corporate finance and investment management

Advisors

Dr. Amine Korchi, MD

Practicing Neuroradiologist, award-winning researcher and tech savvy entrepreneur driving radiology disruption.
